PRICE THREE CENTS

COUNTERFEITERS BEWARE.

A Michigan Concern Enjoined.

[From the Rochester Morning Herald.]

The following injunction has been obtained by the Hop Bitters Company, of Rochester, N. Y., against Collatinus D. Warner, of Reading, Michigan, prohibiting him from manufacturing or selling "German Hop Bitters."

The President of the United States of America to Collatinus D. Warner, of Reading, Mich., his servants, workmen, salesmen and agents, and each and every one of them:

Whereas, it has been represented unto the Justices of our Circuit Court, the Hon. Stanley Matthews, and the Hon. Henry B. Brown, at Detroit, within and for said district, sitting as a court of Chancery, that you, Collatinus D. Warner, are manufacturing and selling a medicine named German Hop Bitters, in fraudulent imitation of the Hop Bitters made and sold by complainant; your said medicine being devised, calculated and intended to mislead the public into purchasing such counterfeit goods as the manufacture of the complainant.

We therefore, in consideration of the premises, do strictly enjoin you, the said Collatinus D. Warner and all and every the persons before named, from using the words "Hop Bitters" on any fluids contained in bottles so as to induce the belief that such fluids are made by complainant; and further, from manufacturing, selling or offering for sale, any bitters or other fluids in the bottles and with labels, and in the general form in which you were manufacturing and selling the bitters, called by you German Hop Bitters, on the filling of the bottle, or in any other bottles, or with any other labels contrived or designed to represent or induce the belief that the bitters or fluids sold by you are the goods of the complainant, until the further order of the court.

Witness the Honorable MORRISON R. WAITE, Chief Justice of the United States. At Detroit, this 15th day of July, A. D. 1885. Walter S. Harsha, clerk.

Prosecute the Swindlers!!!

If when you call for Hop Bitters the drugist hands out anything but "Hop Bitters" with a green cluster of Hops on white label, shun that drugist as you would a viper; and if he has taken your money for a bogus stuff, indict him for the fraud and sue him for damages for the swindle, and we will reward you liberally for the conviction.

See U. S. Court injunction against C. D. Warner, Reading, Mich., and all his salesmen, agents, druggists, and other imitators.

THE GRANTS.

Their Present and Future
Whereabouts.

By Telegraph to THE SENTINEL.
NEW YORK, Sept. 2.—Mr. and Mrs. Jesse Grant and Mrs. Sartoris were passengers this morning on the North German Lloyd steamer, Verba. They are bound for Southampton, the two first named on a visit and the last named going to her home. Col. Fred Grant, U. S. Grant, Rev. Dr. Newman, Mrs. Corbin and a few other friends were at the dock to see the party off. Mrs. Grant has decided to remain in the city for two or three days before leaving for Purdy's Station. Colonel and Mrs. Grant will not leave for Chicago until their mother's departure. A letter has been received by Gen. Edward L. Molineaux, jr., vice commander of the military order of the Loyal Legion of the United States, from Col. Fred Grant, who says his mother wishes to extend her grateful thanks to the companies of the order for the attention to the remains of her husband at their hands.

Can It Be So?

By Telegraph to THE SENTINEL.
SAN FRANCISCO, Cal., Sept. 2.—Considerable excitement has been caused among importers of groceries in this city by statements tending to show the existence of a scheme to introduce cholera-infected raisins into the United States. Experienced packers declare there is great danger of the introduction of cholera in eating raisins from the infected districts of Spain, as the packed fruit easily absorbs microbes and retain them for a great length of time.

Frosts in Wisconsin.

By Telegraph to THE SENTINEL.
MILWAUKEE, Wis., Sept. 2.—Reports from the interior of the state indicate slight frost at several points. No serious damage resulted, however. The tobacco crop is two-thirds harvested and in good condition, save slight injury done by the grass hoppers.

St. Louis, Mich., Sept. 2.—The heavy frost last night severely touched the corn, buckwheat and tomatoes.

PORT HURON, Mich., Sept. 2.—There was considerable frost last night. The damage was slight.

DENVER, Col., Sept. 2.—More than 100,000 cattle have been driven out of the Cheyenne and Arapahoe reservations since the president issued his proclamation. The number remaining is estimated at from 60,000 to 75,000. It is believed the reservations will be entirely cleared of foreign stock within a few weeks.

Judge Foraker on the Stump.

By Telegraph to THE SENTINEL.
COLUMBUS, Ohio, Sept. 2.—Judge Foraker, republican candidate for governor of Ohio, made the opening speech of his campaign, last night, at Portsmouth. He denounced the democratic party as the party of slavery and secession; declared that the country was suffering not from over-production, but from under-protection, and asserted that the people of Ohio wanted and intended to have another such a law as the Scott law.

Wrongfully Acquitted.

By Telegraph to THE SENTINEL.
WASHINGTON, Sept. 2.—In the United States District Court, yesterday, preliminary hearing was had on the complaint of Postmaster Gardiner against Albert B. Bosworth, Treasurer of the Stafford Mills, Fall River, for the sending of an obscene letter through the mails, addressed to a lady of eminent respectability. The Court, after quoting several decisions, discharged the prisoner, on the ground that the mailing of a private letter of the character named was not an offense provided against by the United States Statutes against the mailing of certain classes of matter. The letter was particularly vile, and the prisoner admitted his guilt when arrested. The Court's opinion was based on the fact that the law was specific, interdicting certain carefully specified classes of matter, of which the letter was not one.

The returns from New Mexico have just been received, and are as follows: Population in 1885, 131,985; do in 1880, 119,565; farms in 1885, 10,291; do in 1880, 5,053; manufacturing establishments in 1885, 239; in 1880, 144. Returns from eight counties in Florida have also been received, and the complete returns are expected shortly. Up to date, the department has received returns from Colorado, Dakota, Nebraska, New Mexico and Florida. It is known that several other States and Territories have made censuses, but have failed to make returns.

Acting Postmaster General Stevenson received a delegation composed of Representatives Willis and La Foun, of Kentucky, Executive Representative Kliner, Judge Murray, of Kentucky, and Contractor Hete, of Louisville, who came to present arguments showing the necessity of revocation of the order discontinuing the steamboat service between Louisville and Jeffersonville. Upon the statements made by the delegation, the Acting Postmaster General reserved the decision, and it is probable that no final action will be taken in the matter until the return of Postmaster General Vilas.

An installment of 100,000 postal cards, from the new contractor arrived at the city postoffice yesterday. The new cards differ considerably from the old cards in appearance. The size is exactly the same. The design is printed in a light brown color. Instead of the head of the Goddess of Liberty, in the vignette in the corner appears a fine engraving of Jefferson's head. Instead of the monogram "U. S." the new card has on it the words "UNITED STATES." On the address side of the old card were printed the words, "Nothing but the address can be placed on this side." This expression has always been criticised as not being true, as a person could write anything he chose on that side, though the card might not be received at the postoffice. The expression has been changed on the new card so as to read, "Nothing but the address to be on this side."

If a first-class frigate from a foreign shore should steam to New York and capture the town—not a difficult feat—the booty of money alone would be sufficient to buy a kingdom. The bank vaults of Gotham are bursting with cash. In addition to this, property to the value of \$5,000,000,000 is at the mercy of one great war ship.

The Foreign Wheat Markets.

By Cable to THE SENTINEL.
LONDON, Sept. 2.—Wheat sales are made in Vienna at 1s 3d per hundred weight, less than New York prices. Even at this low price it is found impossible to affect a sale of Australian wheat in France or Germany because of the present high duties in those countries. Austria has 12,000,000 hundred weight of surplus wheat to export this year against 6,000,000 last year.

Striking Miners.

COLUMBUS, Sept. 2.—All the miners at Shawnee came out for an advance of the price of mining from 40 to 50 cents. The operators will give the price, provided a similar step is taken by Straitsville.

GREAT as Daniel Webster was, there must have been times when he felt that Mrs. Webster was the bigger person of the two. Some recent reminiscences of the Sage of Marshfield reveal the fact that it was not an uncommon thing for him to take his son aside and observe: "Fletcher, my boy, let us go to Franklin to-morrow. We'll have a good time, and leave the old lady at home."

He was also for several years a paid contributor to the Saturday Review. The Press Club meditates offering him a dinner.

CHOLERA is rapidly moving westward and will soon appear in this country. In order to prevent disastrous effects from its ravages every preventive should be employed, and the system should be in perfect condition. At this season of the year the system is in a weak state and easily susceptible to dangerous disease. Pain in the back, weariness, lassitude, headache, dyspepsia, indigestion, kidney and liver complaints are but the result of neglect. During the last visitation of cholera to this country no medicine was found equal to Misher's Herb Bitters, both as a preventive and cure, and it has been equally successful in all the diseases above mentioned. It renews and invigorates the blood, restoring to health and strength, and thus shielding the system from disease.

Ask your druggist for MISHER'S HERB BITTERS. If he does not keep it do not take anything else, but send postal card to MISHER'S HERB BITTERS CO., 525 Commerce Street, Philadelphia.

His majesty was as vicious and warlike as a scorpion or tarantula when confined, and his bite would probably be as dangerous."

GOVERNOR GRAY has appointed Lewis Metcaser of Indianapolis, commissioner of the state of Indiana to the North, Central and South American exposition, which is to be held at New Orleans from November 10, 1885, until March 31, 1886. This exposition is a private enterprise and the appointment of Mr. Metcaser, who has been selected by the board of managers to work up their interests in Indiana, was made upon the recommendation of the president of the board.

It has long been said that oysters are not good until "R" appears in the name of the month. September complies to that requirement and the luscious things are in order. Oysters go back to the days of the Roman Empire, when they

found favor with the epicures of antiquity. The industry of oyster gathering has grown to be an extensive business. James River oysters in Virginia and those of Mobile Bay rival those of Long Island Sound and Maurice Cove, on the Delaware River. Oysters are at maturity when three years old, yet many reach the market before they are full grown. The first oysters that ever came to this city arrived in 1844.

SENATOR FRYE, like ex-Senator Hamlin, is a noted fisherman. He has a camp at Rangely, where he usually spends the season. He is now on an excursion in Canada, and recently sent a splendid salmon to a friend with the following letter: "I am away up in the Canadian woods, three hundred miles north of St. John's, on one of the most beautiful rivers I ever saw. This noon a salmon took my fly, and in an hour and three quarters I had the gaff into his side. He fought for life like a king, sprung four or five feet out of the water nine times; I finally captured him two miles from the spot where I struck him." The salmon, when taken from the box, three days afterward, weighed twenty-six and one-quarter pounds.

The people, as a whole never make mistakes, and the unanimous voice of praise which comes from those who have used Hood's Sarsaparilla, fully justifies the claims of the proprietors of this great medicine. Indeed, these very claims are based entirely on what the people say Hood's Sarsaparilla has done. Send to C. I. Hood & Co., Lowell, Mass., for book containing statements of many cures.

Ohio has a remarkable decrease in the number of marriages in proportion to the population.

A curious case is reported from Hastings, O. Mr. Charles Maybury was a confirmed invalid, bed-ridden by a long-standing attack of neuralgic rheumatism. Several physicians who had been attending him frankly declared their inability to aid him. A neighbor who visited the sick man one day took with him a bottle of Misher's Herb Bitters. The invalid was persuaded to take a few doses. A change for the better was soon apparent, and in less than three weeks' time Mr. Maybury was able to walk without cane or crutches.

The popular idea has been that the world contains seven wonders, but the eighth made his appearance at the capitol. It was a poor benighted man limping with rheumatism who had never heard of Salvation Oil. It is sold by all druggists at twenty-five cents a bottle.

It is estimated that 30,000 southerners settled in New York after the war.

What You Say.

"There are so many frauds advertised for the hair," you say. So there are, but Parker's Hair Balsam is not one of them. It will not work miracles, but it will do better service for your hair than anything else you can find. Restores original color, cures dandruff, gives new growth. Elegantly perfumed. Not a dye.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhea, whether arising from teething or other causes. Twenty-five cents a bottle. Lead & Wily.

For fine flower seeds go to Seimon Brothers. They have just received a fine assortment.

CANCER OF TONGUE!

A Case Resembling that of Gen. Grant.

Some ten years ago I had a scrofulous sore on my right hand which gave me great trouble, and under the old time treatment was healed up, and I supposed I was well. I found, however, it had only been driven into the system by the use of potash and mercury and in March, 1882, it broke out in my throat, and concentrated in what some of the doctors denominated cancer. I was placed under treatment for this disease. Some six or seven of the best physicians of the country had me at different times under their charge, among them three specialists in this line, but one after another would exhaust their skill and drop me, for I grew worse continually. The cancer had eaten through my cheek, destroying the roof of my mouth and upper lip, then attacked my tongue, palate and lower lip, destroying the palate and under lip entirely and half my tongue, eating out to the top of my left cheek bone and up to the left eye. From a hearty, robust woman of 150 pounds, I was reduced to a mere frame of skin and bones, almost unable to turn myself in bed. I could not eat any solid food, but subsisted on liquids and my tongue was so far gone I could not talk. The anguish of mind and the horrible sufferings of body which I experienced never can be revealed. Given up by physicians to die, I turned to the use of Dr. J. C. Allen's "Cure for Cancer of the Tongue," and after a few days I was able to eat solid food again. I am able to walk about wherever I please, and the assistance of anyone and have gained fifty pounds of flesh. All this under the blessing of a mercifully Heavenly Father, due to Swift's Specific. I am a devoted and a grateful wife, and I am confident that a perfect recovery is now in sight. If any suffer from this disease, I would refer them to John H. Traylor, state senator of this district, who is my neighbor, Dr. T. S. Bradfield, of LaGrange, Ga., or to any other persons living in the southern part of Troup county, Ga.

WEDNESDAY, SEPT. 2, 1885.

A NEW JERSEY summer story: "A Newfoundland dog owned by a farmer of Brandtville broke his leg about four years ago. Dr. W. C. Bennett, who resides in a neighboring town, set the bone. While driving through Brandtville a few days ago he recognized the dog. He had occasion to stop, and the dog immediately came up to him, smelt of him, and was wild with joy. It was with difficulty that the doctor could keep his feet. The dog jumped upon him, and by every possible way in his power tried to express his gratitude. The doctor thinks the dog knew him, and remembered the setting of the bone."

Famous for Families.

Most appropriately is Brown's Iron Bitters called a family medicine in view of such cases as that of Mrs. Cook, of 57 Fellinghuysen avenue, Newark, N. J. That lady writes: "I have used Brown's Iron Bitters since last summer with great benefit, especially for indigestion, and always buy a half dozen bottles at once. There are three of us to use it. We all feel stronger than for years before, and can recommend it to all who suffer from dyspepsia, loss of strength or indigestion, rightly termed the king of evils."

The article at present most in demand in the medical world of Germany is—old cheese. A young physician, Dr. Deneke, assistant at the Hygienic Institute of Gottingen, has recently discovered in old cheese an infinitesimally small and hitherto unknown fungus which in form, character, and growth, closely resembles the genuine comma-shaped bacillus discovered by Prof. Koch, and which has been used in vaccinating animals without any injurious effect. Dr. Deneke has been able to cultivate the fungi, and the imperial hygienic office has taken the matter in hand so far as to address a circular to 150 medical men, urging them to investigate the subject and report their observations to them.

A lawyer who pleads at the bar, Caught cold when the door was ajar; But his troubles were brief, For he soon found relief, Through the cough cure that's christened Red Star.

No drug ever came so rapidly into conspicuous favor as the hydrochlorate of cocaine, which had been used for several months to allay Gen. Grant's sufferings. Its anesthetic properties were discovered last October, and now it is known and used the world over.

Now they speak of crude petroleum as a remedy for consumption; better not try it, but take Dr. Bull's Cough Syrup—the standard cough remedy of our age. It is agreeable to the taste, never fails to cure, and costs only 25 cents a bottle.

The highest quality of tobacco attainable, delicious flavor and purity combined, has fairly won for the Richmond Straight Cut Cigarettes the reputation of the best.

Fort Wayne Paint and Color Works,

No. 12 West Columbia Street Fort Wayne, Indiana.

To Painters

And others wanting First-class Paints: Do you know that you have in Fort Wayne a Manufacturer of Mixed Paint and Grinder of Colors, where you can buy your Paints from first hand instead of paying the middle man his profits, which are from 25 to 33 per cent. O. L. STARKEY, the Painter and proprietor of the Fort Wayne Paint and Color Works, came to Fort Wayne in April, 1885, and is identified as one of the old citizens who has helped build up Fort Wayne, and his knowledge of Paints and the composition of pigments to form different shades and tints is well-known to the public, and his long practical experience in painting gives him the knowledge of Paints that a mere dealer cannot have for he does not know anything about Paints, as he buys them sealed up and he cannot tell you what it takes to make this or that shade. All he knows is what the label on the can says. Neither can he tell you shades that will or will not fade. By buying your Paints of O. L. STARKEY you can get all the information you want. I am making Liquid Paints in all shades and colors; also the same shades and colors in paste form, the same thickness as white lead and requires thinning down the same as white lead. In making the different shades my formulas are all registered giving the amount of each color it takes to form certain shades all thoroughly mixed together in the powder mills, then wet down and run through a mixing machine, and from there to the mills where it is all ground together making a pigment that cannot be made by hand. Call or send and get some of my sample cards of colors and tints; also see elevations of gothic houses colored up with four and five shades, which will give you a good idea how to paint and ornament the outside of your houses.

I say again, do not buy of the middle man if you want to save money. I will guarantee my prices and quality of goods with any manufacturer in the United States.

Gallmeyer as mail carrier in the east end.

"It is asserted the recent arrangement
with the Jenney Electric Light company
to light West Indianapolis and establish
an electrical apparatus factory there is
likely to prove a failure. Nothing so far
has been done to carry it out by the
company. This is given merely as the
reporter was told it, without any evi-
dence of its correctness," says the In-
dianapolis News.

"Mr. John W. Hayes, the new fore-
man machinist, first went to work on the
navy yard in 1857 and remained there
some years. He was discharged, and
was very soon engaged as machinist on
the Rock Island railroad, and has since
resided at Fort Wayne, Ind. As a me-
chanic he is a very superior workman,
thoroughly acquainted with every branch
of the business. His examination was an
excellent one," says the Times, of Port-
smouth, N. H.

Hon. I. D. Nelson writes here that
the state house commissioners have de-
cided to ornament the Washington
street entrance to the building by placing
emblematic stone figures above it. The
east pediment will have a group consist-
ing of a trapper, wood chopper and house
wife, representing advancing civilization,
while opposite it is to be a group of In-
dians, travelling westward, representing
"retiring barbarism." Between the two
are the figures of a young farmer, "Agri-
culture," and a blacksmith, "Liberty."

Deppler and Rhinehart, the moral in-
formers, still languish in the county
dungeon. Their appeals to the temper-
ance people go unheeded. Such is the
wages of righteousness.

Lazarini, the Barr street liquor man,

witnesses against him, are in jail and the
case had to be postponed.

day to decide in regard to having

George R. Bowen offers for sale else-
where in THE SENTINEL five lots in the
Hamilton field. The lots are high and
one of the prettiest residence spots in the
city. No better opportunity was ever
offered to get a home in a desirable
place, where property will always grow
in value. The advertisement explains
itself.

Dr. C. A. Metcalf, secretary of the
state board of health, writes Dr. S. C.
Metcalf, of this city, that County Clerk
Maier cannot legally license a person to
practice medicine unless the applicant
shows he has practiced medicine, sur-
gery and obstetrics. He says it is not
legal to single out any one branch.

most popular teachers in the order of
the Holy Cross, has been appointed
principal of the Cathedral boys' school.

brothers. The school rooms have all
been remodeled and dressed with new
furniture, which will also add greatly to
the success of the school.

The republican employees in the post-
office have been very manly with Mr.
Kaough and he appreciates their acts.
Nearly all of them placed their resigna-
tions on his desk early in his administra-
tion, but every one of them consented to
act until their successors qualified. Mr.
Kaough has hurried none of the gentle-
men from the positions they hold and
no one can blame him for it. He will
make the changes, but not with avari-
cious haste.

Among the attractions which the man-
agers of the great Northern Indiana fair
intend to surprise the attending populace
with will be found the feats of Mr. Fred
J. Herbert, of Kansas City, Mo. He is
an aeronaut of national reputation and
will make one of his most daring ascen-
sions from the fair grounds on Thursday
afternoon, Sept. 17. Mr. Herbert will
also give, each day of the fair, an exhibi-
tion of his fanambulism. He will walk
a rope from as high an eminence as is
possible to attain. This alone will be
worth the price of admission, as Mr.
Herbert stands at the head of his pro-
fession.

TELLS THE TALE.

General Manager Talmage Out-
lines His Reply to the

Knights of Labor.

The situation in the Wabash shops
here remains the same, save that another
workman walked out this morning.
Seventeen men refuse to work and their
action leaves them in high favor with
the Wabash labor assembly. Much in-
terest is manifested in the reply of Gen-
eral Manager Talmage to the labor as-
sembly to-morrow. This morning Mr.
Talmage telegraphed his officials here as
follows:

"I will make no discrimination in favor
of the Knights of Labor, nor will I dis-
charge any of the men who are at pres-
ent in the company's service to reinstate
those who are now out. When we need
men they will have preference over all
others."

This will be Mr. Talmage's reply to-
morrow, unless the Knights of Labor
compel him to change his mind. The
Wabash people insist on being true to
the men who were true to them. THE
SENTINEL hoped to see all the old men
reinstated and cannot yet abandon that
desire.

STOLE A HORSE.

Robert Small Has a Rich Expe-
rience With a Band of
Thieves.

Robert Small, a farmer who lives near
Hoagland, went to his barn a night or
two ago and discovered three men in-
side the door. The fellows covered him
with their pistols and retreated. He
found his three horses in harness, evi-
dently ready to move. Last night the
men returned and stole one of his best
horses. An hour after he discovered the
theft and gave the thief pursuit. So
close did he press him that the fellow
drove into a shady fence-corner and let
Small pass him in hot pursuit. A gen-
tleman riding the other way saw the
horse near the fence, but supposed it all
right. At Hoagland he heard the animal
was stolen. He hastened back, but the
horse was gone. Sheriff Nelson was
telegraphed at 1 o'clock last night and
at once left for Hoagland to give pursuit
and break up the gang of thieves that
infest that locality.

COULDN'T REFORM.

A Hoosier Boy Enjoyed "Six
Months Out of Hell" for

\$1,000—His Final

Fall.

"We have received a copy of the Las
Vegas (N. M.) Optic, containing the
article written by R. A. Kistler, entitled
"Six Months Out of Hell," says Gen.
Reub Williams in the Warsaw Times.

"Mr. Kistler is a son of the Rev. W. R.
Kistler, many years ago the preacher in
charge of the M. E. church in this place.
Several years ago he emigrated to New
Mexico, and located at Las Vegas, where
he engaged in the publishing business
along with Jap Turpin, the well-known
newspaper correspondent of this state,
he having had some newspaperial ex-
perience at Kokomo, his home in In-
diana, previous to his departure
for the far west. In the wild region in
which he located, and among a no less
wilder people his business as a reporter
and editor very naturally threw him,
young Kistler fell into the habit that has
ruined so many bright and promising
youths. He grew to be a 'hard drinker,'
when Mr. J. W. Lynch, a liberal, pub-
lic-spirited and wealthy citizen, waged
\$1,000 that Kistler would not or could
not abstain from the use of intoxicating
stimulants for six months. The latter
won, and Mr. Lynch magnanimously
paid over the money. This called out
from young Kistler the article alluded
to—"Six Months out of hell"—which we
may reproduce at some time in the fu-
ture. We very greatly regret to learn,
however, from a gentleman whom we
met during the late Fort Wayne reunion,
and who was recently from Las Vegas,
that Mr. Kistler had again taken to the
use of intoxicating drinks."

A SLICK FORGERY.

P. L. Potter Played for a Half

Hundred by Abe John-

son, an ex-Convict.

There was considerable consternation
in the vicinity of P. L. Potter's real
estate agency this morning. The trouble
all grew out of the discovery that Mr.
Potter had purchased a note for
\$72, forged to which was the name of
Uriah Johnson, a substantial
farmer of Perry township. Abe John-
son, a lean, lank looking individual from
Spencerville, approached Mr. Potter yester-
day and exhibited a note on the First
National bank for \$72. The note looked
a little clumsy, rural like, and as it was
offered at a fat discount, Mr. Potter
snapped it up. Uriah Johnson, the re-
sponsible signer, knew nothing of the
paper and the matter was given into the
hands of Sheriff Nelson at once. John-
son is a slick rascal and is probably
speeding away on Mr. Potter's roll. He
is an ex-convict and did two terms in the
prison north for crooked work. Lately

he figured in a divorce case and always
manages to keep himself before the pub-
lic eye. The deputy sheriffs are search-
ing for the fellow and the telegraph wires
have been used to head him off.

A STATESMAN BAGGED.

Hon. Peter Koehlinger Arrested
for Disgracing the Poli-
tician's Home.

Hon. Peter Koehlinger, a local states-
man and once the jailor of this county,
was arrested this morning and ruthlessly
dragged to Esquire Ryan's court. There
one Emma Smith charged the Hon.
Peter with admitting to his public
house, "The Politician's Home," various
frail women. Peter keeps at the corner
of Calhoun and Murray streets, and his
place was a resort for people of easy
virtue. By this business Pete prospered
and therein he erred, and no longer can
pose as the Gazette's anti-divorce candi-
date. Justice Ryan will try Koehlinger
Friday and his chances for a session at
the county jail were highly promising at
last accounts. Peter was his own attorney
and this fact caused the greatest conster-
nation, as he insists on sending for nu-
merous young bloods and merchants,
whom he said could testify to the char-
acter of his house.

Pure blood is absolutely necessary in
order to enjoy perfect health. Hood's
Sarsaparilla purifies the blood and
strengthens the system.

That Tired Feeling

The warm weather has a debilitating effect,
especially upon those who are within doors
most of the time. The peculiar, yet common,
complaint known as "that tired feeling,"
is the result. This feeling can be entirely
overcome by taking Hood's Sarsaparilla,
which gives new life and strength to all
the functions of the body.

"I could not sleep; had no appetite. I
took Hood's Sarsaparilla and soon began to
sleep soundly; could get up without that
tired and languid feeling; and my appetite
improved." R. A. SANFORD, Kent, Ohio.

Strengthen the System

Hood's Sarsaparilla is characterized by
three peculiarities: 1st, the combination of
radical agents; 2d, the proportion; 3d, the
process of securing the active medicinal
qualities. The result is a medicine of unusual
strength, effecting cures hitherto unknown.
Send for book containing additional evidence.

"Hood's Sarsaparilla tones up my system,
purifies my blood, sharpens my appetite, and
seems to make me over." J. P. THOMPSON,
Register of Deeds, Lowell, Mass.

"Hood's Sarsaparilla beats all others, and
is worth its weight in gold." I. BARRINGTON,
130 Bank Street, New York City.

"It is asserted the recent arrangement with the Jenney Electric Light company to light West Indianapolis and establish an electrical apparatus factory there is likely to prove a failure. Hon. I. D. Nelson writes here that the state house commissioners have decided to ornament the Washington street entrance to the building by placing emblematic stone figures above it. The east pediment will have a group consisting of a trapper, wood chopper and house wife, representing advancing civilization, while opposite it is to be a group of Indians, travelling westward, representing "rotting barbarism." Between the two are the figures of a young farmer, "Agriculture," and a blacksmith, "Liberty."

Nearly all of them placed their resignations on his desk early in his administration, but every one of them consented to act until their successors qualified. This alone will be worth the price of admission, as Mr. Herbert stands at the head of his profession.

TELLS THE TALE.
General Manager Talmage Outlines His Reply to the Knights of Labor.
The situation in the Wabash shops here remains the same, save that another workman walked out this morning. Seventeen men refuse to work and their action leaves them in high favor with the Wabash labor assembly. Much interest is manifested in the reply of General Manager Talmage to the labor assembly to-morrow. This morning Mr. Talmage telegraphed his officials here as follows:

"I will make no discrimination in favor of the Knights of Labor, nor will I discharge any of the men who are at present in the company's service to retaliate those who are now out. When we need men they will have preference over all others."
This will be Mr. Talmage's reply to-morrow, unless the Knights of Labor compel him to change his mind. The Wabash people insist on being true to the men who were true to them. The Sentinel hoped to see all the old men reinstated and re-not yet abandoned that desire.

STOLE A HORSE.
Robert Small Has a Rich Experience With a Band of Thieves.
Robert Small, a farmer who lives near Hoagland, went to his barn a night or two ago and discovered three men inside the door. The fellows covered him with their pistols and retreated. He found his three horses in harness, evidently ready to move. Last night the men returned and stole one of his best horses. An hour after he discovered the theft and gave the thief pursuit. So close did he press him that the fellow drove into a shady fence-corner and let Small pass him in hot pursuit. A gentleman riding the other way saw the horse near the fence, but supposed it all right. At Hoagland he heard the animal was stolen. He hastened back, but the horse was gone. Sheriff Nelson was telegraphed at 1 o'clock last night and at once left for Hoagland to give pursuit and break up the gang of thieves that infest that locality.

COULDN'T REFORM.
A Hoosier Boy Enjoyed "Six Months Out of Hell" for \$1,000—His Final Fall.
"We have received a copy of the Las Vegas (N. M.) Optic, containing the article written by R. A. Kistler, entitled 'Six Months Out of Hell,'" says Gen. Reub Williams in the Warsaw Times. "Mr. Kistler is a son of the Rev. W. R. Kistler, many years ago the preacher in charge of the M. E. church in this place. Several years ago he emigrated to New Mexico, and located at Las Vegas, where he engaged in the publishing business along with Jap Turpin, the well known newspaper correspondent of this state, he having had some newspaperial experience at Kokomo, his home in Indiana, previous to his departure for the far west. In the wild region in which he located, and among a no less wilder people his business as a reporter and editor very naturally threw him, young Kistler fell into the habit that has ruined so many bright and promising youths. He grew to be a 'hard drinker,' when Mr. J. W. Lynch, a liberal, public-spirited and wealthy citizen, wagered \$1,000 that Kistler would not or could not abstain from the use of intoxicating stimulants for six months. The latter won, and Mr. Lynch magnanimously paid over the money. This called out from young Kistler the article alluded to—'Six Months out of hell'—which we may reproduce at some time in the future. We very greatly regret to learn, however, from a gentleman whom we met during the late Fort Wayne reunion, and who was recently from Las Vegas, that Mr. Kistler had again taken to the use of intoxicating drinks."

A SLICK FORGERY.
P. L. Potter Played for a Half Hundred by Abe Johnson, an ex-Convict.
There was considerable consternation in the vicinity of P. L. Potter's real estate agency this morning. The trouble all grew out of the discovery that Mr. Potter had purchased a note for \$72, forged to which was the name of Uriah Johnson, a substantial farmer of Perry township. Abe Johnson, a lean, lank looking individual from Spencerville, approached Mr. Potter yesterday and exhibited a note on the First National bank for \$72. The note looked a little clumsy, rural like, and as it was offered at a fat discount, Mr. Potter snapped it up. Uriah Johnson, the respectable signer, knew nothing of the paper and the matter was given into the hands of Sheriff Nelson at once. Johnson is a slick rascal and is probably speeling away on Mr. Potter's roll. He is an ex-convict and did two terms in the prison north for crooked work. Lately

he figured in a divorce case and always manages to keep himself before the public eye. The deputy sheriffs are searching for the fellow and the telegraph wires have been used to head him off.

A STATESMAN BAGGED.
Hon. Peter Koehlinger Arrested for Disgracing the Politician's Home.
Hon. Peter Koehlinger, a local statesman and once the jailor of this county, was arrested this morning and ruthlessly dragged to Esquire Ryan's court. There one Emma Smith charged the Hon. Peter with admitting to his public house, "The Politician's Home," various frail women. Peter keeps at the corner of Calhoun and Murray streets, and his place was a resort for people of easy virtue. By this business Pete prospered and therein he erred, and no longer can pose as the Gazette's anti-divorce candidate. Justice Ryan will try Koehlinger Friday and his chances for a session at the county jail were highly promising at last accounts. Peter was his own attorney and this fact caused the greatest consternation, as he insists on sending for numerous young bloods and merchants, whom he said could testify to the character of his house.

That Tired Feeling
The warm weather has a debilitating effect, especially upon those who are within doors most of the time. The peculiar, yet common, complaint known as "that tired feeling," is the result. This feeling can be entirely overcome by taking Hood's Sarsaparilla, which gives new life and strength to all the functions of the body.
"I could not sleep; had no appetite. I took Hood's Sarsaparilla and soon began to sleep soundly; could get up without that tired and languid feeling; and my appetite improved." R. A. SANFORD, Kent, Ohio.

Strengthen the System
Hood's Sarsaparilla is characterized by three peculiarities: 1st, the combination of "re-educating agents"; 2d, the proportion; 3d, the process of securing the active medicinal qualities. The result is a medicine of unusual strength, effecting cures hitherto unknown. Send for book containing additional evidence.
"Hood's Sarsaparilla tones up my system, purifies my blood, sharpens my appetite, and seems to make me over." J. P. THOMPSON, Register of Trade, Lowell, Mass.
"Hood's Sarsaparilla beats all others, and is worth its weight in gold." L. HARRINGTON, 130 Bank Street, New York City.
